

Hi Reader !

IN these times of downturns, slumps (and Satyams !) the only certainty seems to be change !

Yet to accept , adapt and thrive/survive in these changing times also requires belief , mindset and an ability to "let go". Sometimes of what we see as our sole "lifelines".

Found a nice story putting across these dilemmas rather well . Here it is !

Wish all changes you meet ahead turn out for the good !

THE ROPE.....

The night fell heavy in the heights of the mountains and the man could not see anything. All was black. Zero visibility, and the moon and the stars were covered by the clouds.

As he was climbing only a few feet away from the top of the mountain, he slipped and fell in to the air, falling at great speed. He could only see black spots as he went down, and the terrible sensation of being sucked by gravity.

He kept falling. and in the moments of great fear, it came to his mind all the good and bad episodes of his life. He was thinking now about how close death was getting, when all of a sudden he felt the rope tied to his waist pull him very hard. His body was hanging in the air !

Only the rope was holding him and in that moment of stillness he had no other choice other to scream:

"Help me God".

All of a sudden a deep voice coming from the sky answered :

"What do you want me to do?"

"Save me God".

"Do you really think I can save you?"

"Of course I believe You can."

"Then cut the rope tied to your waist."

There was a moment of stunned silence and the man decided to hold on to the rope with all his strength.

The rescue team tells that the next day a climber was found dead and frozen. his body hanging from a rope. His hands holding tight to it.....

.....
.....
.....

..... Only 1 foot away from the ground !!

Do you believe enough to let go of the Rope ?

Thoughts to make us think .. sent to you with best wishes from :
